

KS1 INFANT GOAL RECESS 37

SKU: 401.0441

Description

The KS1 Infant Recessed Goal is a compact, child-safe football goal engineered specifically for Key Stage 1 outdoor play areas where space is limited. Its recessed design supports controlled ball play, encourages teamwork, and offers a safe introduction to structured sports for younger children. Manufactured in galvanised and polyester powder-coated steel, it delivers outstanding durability, vandal resistance, and year-round weather protection with minimal maintenance. Optional target panels or wickets further enhance skill development and active play value.
