

# FOLLY HPC BENCH

SKU: 301.1281

## Description

The FOLLY range by Ron Arad is an iconic family of monolithic sculptural benches made entirely from High-Performance Concrete (HPC), characterised by a sinuous, ribbon-like form with integrated backrests at varying heights. Its exterior surface features raised waves that follow the bench's flowing geometry, while the internal seating surface is available in smooth or polished finishes. Designed as a single uninterrupted form, FOLLY combines architectural impact with long-term durability for both interior and exterior public environments. Concealed adjustable feet or ground-fixing options ensure stable installation even on uneven surfaces.

### Standard Dimensions

Length x Width x Height (mm)

3600 x 1100 x 1100
