SEATING SPECIFICATION DATA

KLARA R ROUND BENCH

SKU: 301.1272

Description

The KLARA R Park Bench is a circular, design-led seating solution created for modern parks and civic spaces, developed by Swedish designers DinellJohansson for the Klara Church area in Stockholm. Its rounded timber slats in Kebony Clear or mahogany pair with a slender, yet exceptionally strong, hot-dip galvanised steel frame to deliver long-term durability with minimal maintenance. With ergonomic curved seat and back edges—and optional accessibility-enhancing armrests—it provides highly comfortable, inclusive public seating. Supplied in the UK through BSFG, the bench is manufactured by sister company HITSA, renowned for Nordic craftsmanship and robust steelwork.
