

LINK SEATING

SKU: 301.1110

Description

Link is a modular seating system that delivers the creative freedom of bespoke site furnishings with the speed, value and simplicity of a standard product. Straight, mitered, arced and serpentine configurations—using inline or piano-key wood slats—let you compose long runs, corners, gentle curves or complete circles that respond precisely to the site. Multiple support options (metal supports, top-of-wall and wall-mount), plus backed, backless and partial-back variants with optional arms, enable performance-driven layouts for streetscapes, campuses and transit environments. Designed by Jess Sorel of sorelstudio, Link pairs dramatic modern aesthetics with refined detailing and low-maintenance durability.
