

PEBBLE

SKU: 301.1406

Description

The Pebble Range is a sculptural collection of precast concrete seating elements designed to bring organic form and visual softness to contemporary outdoor environments. Available in **Small**, **Medium**, and **Large** formats, the pieces offer flexible placement and composition options across urban landscapes, parks, waterfronts and cultural settings. With their solid monolithic construction, Pebble units provide long-lasting durability and a modern design language suited to both standalone installations and grouped configurations. Manufactured for BSFG projects, the Pebble Range elevates public spaces through form-driven design and robust precast engineering.
