

STELLA BENCH

SKU: 301.1107

Description

STELLA is a sculptural urban seat that pairs laser-cut floral motifs with the enduring character of Corten steel or a single-colour powder-coated steel finish. Offered as a single or double module with linear or angled backrest options, STELLA creates distinctive social touchpoints across plazas, campuses and streetscapes. Factory pre-drilled for anchor fixing, it installs quickly and delivers low-maintenance performance in all weather. Designed by Marc Aurel within Metalco's Color Corten Style collection.
