SKU: 501.REINF SS

STAINLESS STEEL BOLLARDS SPECIFICATION DATA

## Description

BSFG stainless steel bollards are the specification-grade choice for architects, contractors, and local authorities seeking premium street furniture solutions. Each bollard is crafted from Grade 304 stainless steel, with Grade 316 available for coastal or high-exposure environments, ensuring outstanding strength and corrosion resistance. The brushed satin finish comes as standard, providing a refined aesthetic that complements modern streetscapes. Choose from a variety of diameters, heights, and top profiles including flat, semi-domed, or mitred designs. Installation options include fixed or removable configurations for flexible access control. Optional features such as reflective bands, grooves, and custom branding allow tailored integration into public spaces, retail developments, and transport hubs. Fully recyclable and designed for longevity, BSFG bollards combine sustainability with style, making them the ideal solution for contemporary infrastructure projects.

## Standard Dimensions

Height (mm)

1500
