

SPEED CUSHION

SKU: 503.0428

Description

Our Speed Cushions and Speed Ramps provide effective traffic-calming solutions for urban streets, car parks, and private roads. Manufactured from high-quality recycled rubber, they deliver durability, weather resistance, and quick installation. Designed to reduce vehicle speeds without compromising emergency access, these products improve safety for pedestrians and cyclists. Technical datasheets and CAD files are available for easy specification.
