

SHEFFIELD WALL RAIL

SKU: 105.0038

Description

The Sheffield Wall Railing offers a practical and space-saving solution for secure cycle parking in areas with limited ground space. Designed to be mounted directly onto walls or railings, it provides reliable support for bicycles while maintaining a clean and unobtrusive appearance. Manufactured from robust galvanised steel with optional powder-coated finishes, it ensures durability and resistance to corrosion. Ideal for architects, specifiers, and contractors seeking efficient cycle parking solutions for urban environments.
