

CAPACITY TWO TIER RACK

SKU: 102.0054

Description

The Capacity Two-Tier Bicycle Rack is a space-saving solution designed for high-density cycle parking in urban and commercial environments. Its innovative two-tier system maximises capacity without compromising accessibility, making it ideal for transport hubs, workplaces, and residential developments. Manufactured from robust steel with a corrosion-resistant finish, it ensures durability and long-term performance outdoors. Perfect for architects, specifiers, and contractors seeking efficient and sustainable cycle parking infrastructure.
