SKU: 302.0264

## Description

The **FGP Litter Bin** is a warm, contemporary streetscape element designed by **Francisco Gomez Paz** as part of the globally recognised FGP Collection from Landscape Forms. Its signature form pairs a **cast-aluminium rim** with a **rotational-moulded base**, connected by **vertical wood slats** that soften and naturalise urban environments. The hinged top swings upward for easy servicing, while a **17-gallon liner** and **side openings** offer accessible, discreet waste disposal. Supplied by BSFG, FGP is ideal for premium public-realm design requiring both sculptural appeal and practical durability.
