## Description

The Titan Fold Down Steel Bollard is a high-visibility, surface-mounted security post designed to protect private driveways, parking spaces and restricted access areas. Constructed from durable **steel** and finished in a bold yellow or black coating, it folds flat to allow vehicle access and locks upright to prevent unauthorised parking. Fixing requires just four bolts, making installation simple and fast, while optional keying configurations and additional keys provide flexible control. In stock for rapid dispatch, it is one of BSFG's most popular bollards thanks to its reliability, visibility and ease of use.
