

HOOP BARRIERS

SKU: 503.0412

Description

Our Hoop Barriers deliver versatile perimeter protection and pedestrian guidance for car parks, forecourts, and public realm schemes. Available in 60mm, 76mm, 89mm, and 114mm diameter options, each barrier is manufactured from galvanised steel with a durable powder-coated finish, ensuring long-life performance and minimal maintenance. Root-fixed or base-plate mounted configurations provide installation flexibility, while clean lines and robust construction make them ideal for high-traffic environments. Technical datasheets and CAD files are ready to support fast, accurate specification.
