

EGEDAL MILJØ 1 E LITTER BIN

SKU: 302.1285

Description

The Egedal Miljø 1 recycling bin by HITSA is a modular, design-led waste-sorting solution for public spaces, supplied through BSFG as part of the CROWD group. Clad with mahogany slats, it combines robust construction with a warm, inviting appearance that encourages correct waste sorting. Each module provides 80 litres of capacity and can be configured to suit evolving recycling requirements. Ideal for parks, pedestrian zones and civic environments where flexibility, durability and visual quality are essential.
