

CUBIK TABLE

SKU: 301.1253

Description

CUBIK is a modular cube-style street furniture system that lets you build seating, tables and planters into cohesive layouts for plazas, campuses and commercial courtyards. Each unit is based on a galvanised, powder-coated folded-steel base with mechanically attached tops in steel, hardwood, thermo-treated pine or HPL; a matching steel planter and HPL-top table complete the family. Elements join laterally, install via pre-drilled holes for mechanical dowels, and use AISI 304 stainless fixings for long-life durability and low maintenance.

Standard Dimensions

Height (mm)

750

Diameter (mm)

600
