

PYRAMID BOLLARD

SKU: 501.0307

PLASTIC BOLLARDS SPECIFICATION DATA

Description

The Pyramid Recycled Plastic Bollard by BSFG offers a sustainable, low-maintenance solution for modern streetscapes, manufactured from 100% recycled polymer for exceptional durability and environmental responsibility. Standing 1,200 mm tall with a 150 mm square profile, it features a distinctive pyramid top for a clean, contemporary look. Available in black or brown finishes with optional reflective banding, Pyramid resists rot, corrosion and splintering—ideal for parks, pathways and public realm projects.
