

SOLID ROUND BENCH

SKU: 301.1279

Description

The SOLID Bench is an award-winning circular urban bench designed by Lars Vejen, combining raw material expression with refined Scandinavian minimalism. Its robust 100 mm hot-dip galvanised steel socle and mahogany slats create a warm, elegant seating surface suitable for parks, plazas and tree-lined public spaces. A Red Dot Design Award winner (2009), the SOLID Bench is available with or without an opening to accommodate trees or planting. Supplied in the UK by BSFG and manufactured by sister company HITSA, SOLID delivers durability, visual impact and timeless design quality.
