

FLORES PLANTER

SKU: 304.0352

Description

The FLORES planter features a circular shape with a powder-coated steel ring encircled by ventilated cast-aluminium elements, promoting optimal soil microclimate and plant growth. Its three-point adjustable base provides level stability on varied surfaces. Offered in three heights—420 mm, 540 mm, and 660 mm—all with a 900 mm diameter, this modular planter delivers elegant presence and horticultural performance for streetscapes, plazas, and campuses. Specification-ready and low-maintenance, FLORES is ideal for architects, specifiers and contractors seeking durable, design-led planting infrastructure.
