## Description

The Belgravia Planter is a versatile, self-contained planting solution available in steel, timber, GRP, and concrete finishes to suit diverse urban design needs. Its modular design enables units to be aligned, creating enclosed zones or planting screens to define pedestrian spaces and protect streetscape edges. Powder-coated in an extensive range of RAL colours, it brings vibrant greenery and colour while offering pedestrian segregation in high-traffic areas. With removable liners and drainage as standard, Belgravia ensures low-maintenance performance for streetscapes, plazas, and commercial developments.
