

WESTMINSTER PLANTER

SKU: 304.0382

Description

The Westminster Planter is a sleek, rectangular precast concrete solution designed to elevate public spaces with contemporary style and durable performance. Featuring an acid-etched finish and sealed prior to dispatch, it offers low-maintenance appeal for streetscapes, pedestrian zones, and commercial environments. Available in classic concrete colours and finishes such as acid-etch, exposed aggregate, and polished options, it provides versatility and long-lasting elegance. Tailored to architects and specifiers seeking robust, visually striking street furniture that adds vibrant greenery to any scheme.
