

TREE GUARD

SKU: 309.0379

Description

Protect and enhance urban greenery with the BSFG Tree Guard – a durable mild steel solution engineered for streetscapes, parks, and public spaces. Featuring a hot-dip galvanised finish for superior corrosion resistance, our guards integrate seamlessly with tree grilles to safeguard trunks from accidental impact and vandalism. Standard height is 1800mm, with circular or square profiles to suit common apertures, and bespoke sizes and RAL powder-coated colours available for design flexibility. Designed for fast installation and long-term performance, this guard is the ideal choice for specification-led projects.
