

GLOPOST POST

SKU: 501.0299

Description

The Glopost Traffic Post by BSFG is a high-visibility, impact-resistant solution for traffic management and site safety. Manufactured from durable polymer with integrated reflective bands, it stands 1,000 mm tall and is designed to flex under impact, reducing damage and maintenance costs. Ideal for car parks, loading bays and traffic-calming zones, Glopost combines strength, flexibility and compliance in a sleek, practical design.
