

MANUAL ARM BARRIER

SKU: 503.0413

TREE PROTECTION & LANDSCAPING SPECIFICATION DATA

Description

The Manual Arm Barrier provides a simple, cost-effective solution for controlling vehicle access to car parks, private roads, and restricted areas. Built from galvanised steel with a durable powder-coated finish, it combines strength with low maintenance and high visibility. Available in multiple arm lengths to suit different site widths, with locking options for secure operation. Technical datasheets and CAD files are ready for fast specification.
