

WAVE PICNIC TABLE

SKU: 301.1216

Description

The Wave Bench-Table delivers contemporary style and practical functionality in one cohesive unit, featuring two seats flanking a central tabletop made from hardwood or thermo-treated pine slats. The sculpted, folded-steel supports are zinc-galvanised and powder-coated, combining durable performance with sleek design. Intended for surface mounting with pre-drilled fixing holes, Wave ensures fast installation and low maintenance. It’s perfect for campuses, parks or streetscapes where organised social seating and dining are needed.
