

2X1 PARKLET

SKU: 311.1258

Description

Transform underused kerbside space into vibrant social hubs with the BSFG 2x1 Parklet – a modular platform system designed for streetscapes, retail frontages and active travel corridors. Built from galvanised steel with FSC-certified timber decking, this parklet offers durability, accessibility and aesthetic appeal in a compact footprint. Configurable with seating, planters and cycle parking, it supports healthier, greener urban environments. Ideal for local authorities, architects and contractors seeking specification-led solutions for placemaking and sustainable mobility.
