

CORBY PLANTER

SKU: 304.0345

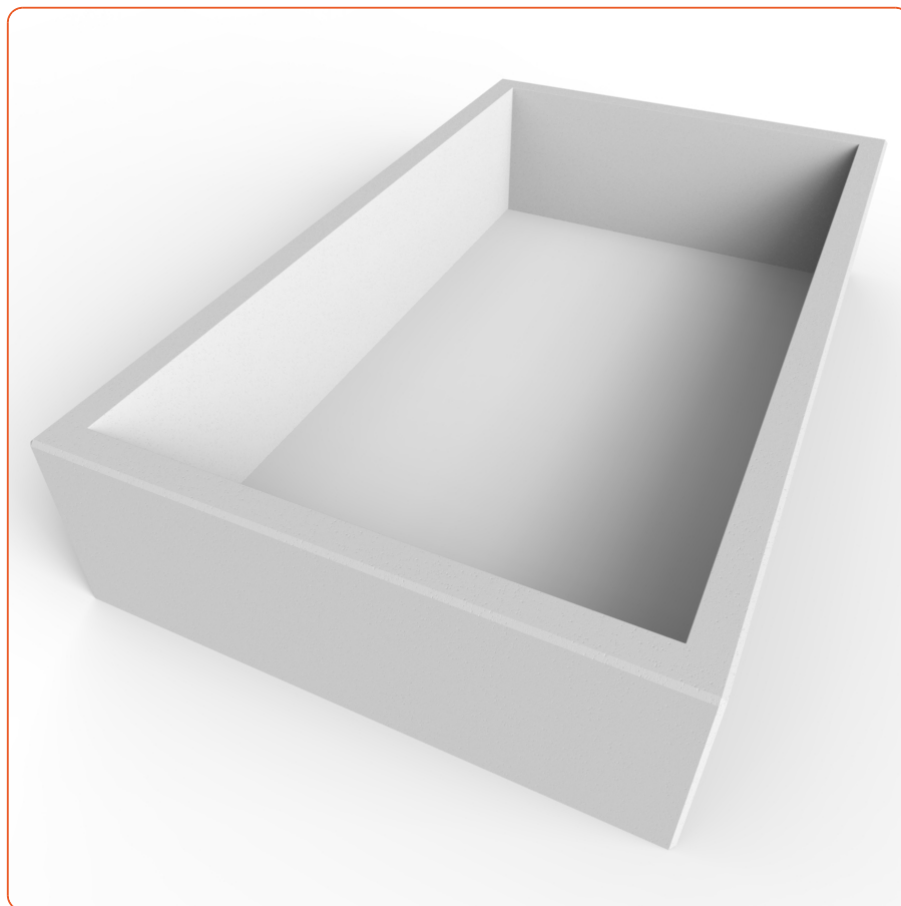

Description

The Corby planter is a large-scale precast concrete trough that introduces scale and resilience to streetscape and urban realm schemes. Available in light grey, buff, white or black, with acid-etched, exposed aggregate or polished finishes, it blends architectural sophistication with enduring performance. Measuring 3400 x 2000 x 690 mm and weighing approximately 3886 kg, it can be surface-mounted or root-fixed using MOT or membrane solutions. Sealed before dispatch and designed without a base for custom drainage or containment, Corby is a specification-ready choice for robust and stylish planting installations.
