

Fabricator / Welder

Job Vacancy - Fabricator / Welder

Main Location – Burscough, Lancashire

AMV is one of the UK's leading outdoor sports & playground equipment manufacturers, supplying an extensive range of vandal resistant steel products to the educational and play sectors. Having successfully traded for over 30 years, the company, now part of Europe's largest group of street furniture and playground manufacturers, Crowd Group, is expanding.

We are already exceeding our growth targets and therefore we are looking to recruit additional team members to join our existing production team, many of whom have been with the company for more than 10 years.

AMV is now looking to recruit dependable and professional Fabricators / Welders to join their experienced production team. Hourly rate is negotiable dependent on skill and experience.

Key Skills required:

- **Experienced in welding mild steel using MIG/MAG**
- **Professional and dedicated approach to work**
- **A desire to continually learn and develop professionally**
- **Able to read manufacturing drawings**
- **Able to use basic workshop equipment**
- **Proficient in accurate marking out, cutting and drilling**
- **Able to work as part of a team or alone**
- **Attention to detail**
- **Counterbalance FLT license desirable but not essential**

If you are interested in joining our production, in the first instance please send your CV to; david@amvplaygrounds.co.uk
