

Multiplicity Seat

The name gives away a lot about this seat: alluding to its superb flexibility and the locations it can be found in. This seat is an expressive and dynamic system that combines the efficiency of mass production, the use of custom materials and configurations to express cultural preferences. It's part of a great new range.

The MultipliCITY Seat shares the same form language as the bench; it is solid and grounded, interactive and user-focused. It has a cast aluminium seat with timber slats and is offered in straight and mitered versions that enable virtually limitless configurations.

L: 2400mm x D: 582mm X H: 834mm
