

LENA TA M

LENA 1500 M

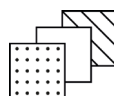

Table composed of two 5mm-thick steel sheet supports and a table top made of 40x20x1.5 mm (top) and 40x100x2 mm (side) steel tubes, with 3 mm thick steel sheet connection brackets.
A pair of Lena benches without backrest l=1500 mm completes the collection.
All metal parts are galvanized and coated with thermosetting polyester powder.
All fixings are in AISI304 stainless steel.
Prepared with holes Ø 12 mm at the base for ground fixing with mechanical dowels (not included).
